Personal Intention Bead Process

We appreciate your commitment to achieving your most personal intentions. We truly believe that your investment into the Personal Intention Bead process will further enable you to realize the fulfillment of your most special desires.

HOW IT WORKS

Step 1 • SEND US YOUR INFO

Please fill out the following form and once completed, return as an e-mail attachment to Sandy Rueve. Your birth information will be used to generate your natal chart.

Step 2 • TALK WITH SANDY

Sandy Rueve will contact you to schedule a 20 minute phone conversation during which you will discuss your intention. You should already know your focused intention BEFORE you speak with Sandy. Following your conversation, she will determine the specific transit time for your intention based on your natal chart.

Step 3 • WRITE YOUR AFFIRMATION

Your affirmation is a powerful written statement that you will later read and recite as part of the manifestation process. Affirmations should begin with power or action verbs—I am, I have, I know, I live... An example of an affirmation is, "I live in the here and now," or "I am confident in my abilities." Send this written affirmation to Sandy before your transit date.

Step 4 • FOCUS ON YOUR INTENTION

When your transit date arrives, you should reserve this auspicious time to focus and meditate on your intention. At this time, Sandy will serve as the conduit between your intention and the powerful energy present. She will focus on your intention while rolling this powerful energy into each Intention Bead.

Sandy will then ship your Intention Bracelet to you or let you know when it is ready to be picked up.

Step 5 • MANIFEST YOUR INTENTION

Once you receive your Personal Intention Beads, follow the instructions provided with your bracelet in order to manifest your intention. Use your affirmation and wear the beads as a powerful talisman, dedicated to achieving your intention.

If you have any questions, feel free to contact Sandy at sandy@intentionbeads.com or 847.507.3519.
