**Memory Set**

- More than 500 measurements.
- Last memory read-back
- Battery Life
- Resolution 0.1°F
- Measuring unit °F
- Storage Condition -4°F ~ 120°F
- Water resistant
- Battery Cover
- LCD Display

**Explanation of Symbols**

- Low battery indication, replace two AAA batteries.
- Low battery indication
- Waiting for setting
- °C
- °F

**PRECAUTION**

1. Use the thermometer to measure your temple temperature only. The place between the eyebrow and the forehead, close to the temple.

**Battery Life**

- More than 500 measurements.
- Approx.: 450 hours
- Max.: 180 days
- Life: 127 mm x 35.2 mm x 33.4 mm
- Net Weight: 2.8 oz.
- Battery Type: AAA x 2 pcs.
- Backup: 3 years
- Shelf life: 5 years
- Certification: ISO 13485
- ASTM E1112

**PARTS DESCRIPTION**

- Probe
- Battery Cover
- LCD Display
- Power Button

**BATTERY REPLACEMENT**

1. Using a screwdriver to remove the screw on the back of the unit.
2. Insert 2 new AAA batteries into thermometer.
3. Place the battery cover securely.

**WARNING**

**LIMITED WARRANTY**

Warranty: The product is (itself) battery excluded comes with one year warrant from purchasing date if it is used under normal circumstances without evidence of tampering. See exclusions below.

Warranty exclusions:

1. If the device fails to operate the device according to the instructions as described in this manual.
2. If the device shows signs of tampering or attempted modification.
3. If the device has been disassembled or tampered with.
4. If the device has been used in a manner not in accordance with the instructions, or if it is not used in accordance with the instructions, the warranty will not apply.
5. If the device has been tampered with or modified.

**FCC STATEMENT**

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference which may cause undesired operation. This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference which may cause undesired operation.

**Reduction of RF exposure**

- Place the equipment at least 20 inches from your body when operating.
- Place the device away from your body when not in use.
- Place the device away from your body when not in use.

**LOT NUMBER INFORMATION**

- WMT: 10180
- MUM: 10181
- MUMY: Lot Number composed by month(01) and year(01) of manufacturing.

**FCC STATEMENT**

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference which may cause undesired operation.
