Christie founded the Bookmobile Babe in 2018, a volunteer-run nonprofit that distributes free books and a free literacy camp for ten weeks in the summer at both Lents Park and Columbia Park. Christie got the idea of starting Bookmobile Babe after volunteering with the Multnomah County Libraries and realizing they didn’t have a mobile way to bring books to the community. Bookmobile Babe distributes free books and offers book exchanges to children ages 1-18 from historically excluded communities. Christie partners with Portland Parks & Recreation, Reading is Resistance, The Children’s Book Bank and local authors to provide diverse literature and reading guides for youth. The Bookmobile Babe also leads discussions about the books on themes such as BLM, indigenous history, environmentalism and offers art activities too.
Laura has been volunteering and serving SW Portland for decades, bringing the view and voice of Native Americans to parks and park activities throughout her civic engagement. A recent example of her volunteer efforts include the Eena (Beaver) Festival held at Multnomah Arts Center in 2021. She brought together SW Neighborhoods Equity & Inclusion Committee, Grand Ronde Tribal members, Westside Watersheds, Neighborhood House, and Multnomah Arts Center to support the event. Through this event the community was introduced to the concept and substance of imparting traditional ecological knowledge (TEK) to the humans occupying their territory. Over the decades she has continued to bring organizations together to better serve the community.
This year we received nominations for volunteers contributing the following activities to our communities:

- Service spanning decades to places like Leach Botanical Gardens, Forest Park, Mt. Tabor Park, Crystal Springs Rhododendron Garden, Lan Su Chinese Garden and Terwilliger Parkway.
