Letter of Support

Dear *Citizens4Community*,

We have reviewed and discussed as (a business/ an organization) the nine tenets of civility offered through the *Sisters Country Civility Project* in collaboration with *Speak Your Peace*. And we are pleased to inform you that (business/organization name) has agreed to adopt these nine practices with the intention of using them to guide discussions for our organization.

(Optional: Additionally, we have added our 10th tenet that further reflects the culture and values of our organization.)

We see value not only in embracing all these tenets, but also in sharing them with others in our community.

- Pay attention**
- Listen**
- Be Inclusive**
- Don't Gossip**
- Show Respect**
- Be Agreeable**
- Apologize**
- Give Constructive Criticism**
- Take Responsibility**
- (optional 10th tenet)*

We support *Citizens4Community's* efforts to enhance the quality of life in our community by inviting individuals and organizations to become familiar with these practices. And we gladly join in this initiative to encourage respectful communication and build trust.

Sincerely,
