

# Studio Sundays at the Gallery

---

Beat the Sunday-afternoon blues. Studio Sundays at the Gallery are fun for art-lovers big and small. Families explore our exhibitions through family-focused tours, hands on art-making, and special Sunday events with storytelling and special guest artists.

STRONGER COMMUNITIES TOGETHER™

## MAY 2017

**SUNDAYS | 2 - 4 PM**  
**BMO Learning Centre**

### **MAY 7: MANDALA POEMS IN RESPONSE TO THE LORAX BY DR. SEUSS**

Inspired by the lessons of caring for our environment in *The Lorax*, children and parents will work together to create a mandala poem about how they interact with their environment.

### **MAY 14: FINDING THE SPACES**

Consider how artists like Alex Janvier use negative space in their work. Come create an abstract chalk-pastel artwork focusing on the spaces around objects rather than drawing the objects themselves.

### **MAY 21: MY PERSONAL MUSEUM**

Imagine your memories were part of a museum exhibition. What objects would be on display? Inspired by Jacqueline Hoàng Nguyen's work with archival materials, create a museum-inspired sculpture of a personal artefact.

### **MAY 28: MAPS OF OUR MEMORIES**

Taking inspiration from the works of Alex Janvier, create an abstract map of a location related to a memory. Use symbols and lines to show your relationships to that location.
