## Beer

Weasel Boy Brewing Company was founded in 2006 by our brewers Jay and Lori Wince and commenced brewing operations in July of 2007. We do everything we can to stay faithful to the beer we're making. Balance is of paramount importance to us and we strive to make every style we brew well balanced and enjoyable to drink.

At Weasel Boy you're not likely to find beer with the most bitterness, the highest alcohol content or a lot of non-traditional ingredients. What you are likely to find are well balanced and flavorful beers that can be enjoyed pint after pint without knocking you down or crushing your palate.

When you visit us we'd like you to stay around a while, enjoy a few beers and a pizza, hang out with your friends or meet some new ones, listen to some great music and still be able to walk out the door when you decide to head for home. We genuinely hope you enjoy your visit. Cheers!

### Our year round brews

#### Plaid Ferret Scottish Ale - 4.5% abv

Plaid Ferret is deep ruby/brown in color and features a smooth malt flavor. It has hints of caramel, roast and a slightly sweet character. Devilishly smooth and our #1 selling beer.

#### Ornery Otter Blonde Ale - 4.2% abv

Great for sipping along the riverside any time and with just the right balance of malt flavor and hop bitterness it makes for a smooth and refreshing pint.

#### Brown Stoat Stout - 5.5% abv

This full bodied, almost black beer has chocolate, roast and coffee-like flavors. The bitterness of the hops melds with the malt flavors to create a balanced bittersweet quality.

#### Dancing Ferret IPA - 6.0% abv

Our American-style IPA is copper in color with strong bitterness, bold hop flavor and aroma of grapefruit and citrus. The hop flavor and bitterness continue on through the finish while the malt presence supplies nice balance.

**Weasel Boy features an entire range of seasonal and rotational brews throughout the year so be sure to check out our menu boards or ask your server what is currently on tap!**

We sincerely hope you enjoy your visit and of course our beer. Cheers!
