THE LOW-INCOME HOUSING TAX CREDIT’S IMPACT IN RHODE ISLAND

THE HOUSING CREDIT’S BENEFITS FOR LOW-INCOME FAMILIES & THE ECONOMY

1986 – 2017

17,671 homes developed or preserved in RI

41,173 low-income households served

19,968 jobs supported for one year

$749 million tax revenue generated

$1.9 billion wages & business income generated

THE NEED FOR AFFORDABLE HOUSING

The Housing Credit, combined with other key resources, has had a tremendous impact in Rhode Island. However, much more affordable housing is still needed to meet the growing demand.

35,937 renter households in Rhode Island pay more than half of their monthly income on rent, leaving too little for other expenses like health care, transportation and nutritious food

In order to afford a modest one-bedroom apartment, a minimum wage worker in Rhode Island has to work 66 hours per week

ADDRESSING OUR NATION’S SEVERE SHORTAGE OF AFFORDABLE HOUSING

1,141 additional affordable homes could be built in Rhode Island over the next ten years through a 50 percent increase in Housing Credit allocation authority

The Housing Credit is a proven solution to help address the affordable housing crisis.

The Housing Credit is our nation’s most successful tool for encouraging private investment in affordable rental housing. It has financed over 3 million apartments nationwide since 1986, providing about 7.4 million low-income families, seniors, veterans, and people with disabilities homes they can afford.

Without the Housing Credit, it would be financially infeasible for the private sector to build affordable homes for the families that need them most.

The ACTION Campaign calls on Congress to:

• Expand the Housing Credit to make a meaningful dent in our nation’s severe shortage of affordable housing.

• Strengthen the Housing Credit by making it more streamlined and flexible.

• Enhance multifamily Housing Bonds, which provide critical financing to about 50 percent of Housing Credit developments.
