THE LOW-INCOME HOUSING TAX CREDIT’S IMPACT IN CALIFORNIA’S 40th DISTRICT

The Housing Credit is a proven solution to help address the affordable housing crisis.

The Housing Credit is our nation’s most successful tool for encouraging private investment in affordable rental housing. It has financed over 3 million apartments nationwide since 1986, providing about 7.4 million low-income families, seniors, veterans, and people with disabilities homes they can afford.

Without the Housing Credit, it would be financially infeasible for the private sector to build affordable homes for the families that need them most.

The ACTION Campaign calls on Congress to:

- **Expand** the Housing Credit to make a meaningful dent in our nation’s severe shortage of affordable housing.
- **Strengthen** the Housing Credit by making it more streamlined and flexible.
- **Enhance** multifamily Housing Bonds, which provide critical financing to about 50 percent of Housing Credit developments.

**THE HOUSING CREDIT’S BENEFITS FOR LOW-INCOME FAMILIES & THE ECONOMY 1986 – 2017**

- 3,992 homes developed or preserved in CA-40
- 4,511 jobs supported for one year
- $169 million tax revenue generated
- $430 million wages & business income generated

**THE NEED FOR AFFORDABLE HOUSING**

The Housing Credit, combined with other key resources, has had a tremendous impact in California. However, much more affordable housing is still needed to meet the growing demand.

- 1,667,134 renter households in California pay more than half of their monthly income on rent, leaving too little for other expenses like health care, transportation and nutritious food.

In order to afford a modest one-bedroom apartment, a minimum wage worker in California has to work 91 hours per week.

**ADDRESSING OUR NATION’S SEVERE SHORTAGE OF AFFORDABLE HOUSING**

- 25,646 additional affordable homes could be built in California over the next ten years through a 50 percent increase in Housing Credit allocation authority.
