THE LOW-INCOME HOUSING TAX CREDIT’S IMPACT IN FLORIDA’S 12th DISTRICT

THE HOUSING CREDIT’S BENEFITS FOR LOW-INCOME FAMILIES & THE ECONOMY
1986 – 2017

- 3,443 homes developed or preserved in FL-12
- 3,891 jobs supported for one year
- $146 million tax revenue generated
- $371 million wages & business income generated

The Housing Credit is a proven solution to help address the affordable housing crisis.

The Housing Credit is our nation’s most successful tool for encouraging private investment in affordable rental housing. It has financed over 3 million apartments nationwide since 1986, providing about 7.4 million low-income families, seniors, veterans, and people with disabilities homes they can afford.

Without the Housing Credit, it would be financially infeasible for the private sector to build affordable homes for the families that need them most.

The ACTION Campaign calls on Congress to:
- Expand the Housing Credit to make a meaningful dent in our nation’s severe shortage of affordable housing.
- Strengthen the Housing Credit by making it more streamlined and flexible.
- Enhance multifamily Housing Bonds, which provide critical financing to about 50 percent of Housing Credit developments.

ADDRESSING OUR NATION’S SEVERE SHORTAGE OF AFFORDABLE HOUSING

- 31,971 additional affordable homes could be built in Florida over the next ten years through a 50 percent increase in Housing Credit allocation authority.
