### The Housing Credit’s Benefits for Low-Income Families & the Economy

*1986 – 2018*

- **10,239** homes developed or preserved in LA-05
- **15,620** jobs supported for one year
- **$610 million** tax revenue generated
- **$1.8 billion** wages & business income generated

### The Need for Affordable Housing

The Housing Credit, combined with other key resources, has had a tremendous impact in Louisiana. However, much more affordable housing is still needed to meet the growing demand.

- **167,136** renter households in Louisiana pay more than half of their monthly income on rent, leaving too little for other expenses like health care, transportation and nutritious food.

  In order to afford a modest one-bedroom apartment, a minimum wage worker in Louisiana has to work **80 hours per week**.

### Addressing Our Nation’s Severe Shortage of Affordable Housing

- **7,753** additional affordable homes could be built in Louisiana over the next ten years by expanding the Housing Credit allocation authority by 50 percent (phased in over five years).

---

The ACTION Campaign calls on Congress to:

- **Expand** the Housing Credit to make a meaningful dent in our nation’s severe shortage of affordable housing.
- **Strengthen** the Housing Credit by making it more streamlined and flexible.
- **Enhance** multifamily Housing Bonds, which provide critical financing to about 50 percent of Housing Credit developments.
