The ACTION Campaign represents over 2,300 organizations and businesses working to address our nation’s severe shortage of affordable rental housing by supporting the Low-Income Housing Tax Credit.

The Low-Income Housing Tax Credit (Housing Credit) is our nation’s most successful tool for encouraging private investment in affordable rental housing. It has financed 3.3 million homes nationwide since 1986, providing roughly 8 million low-income households with homes they can afford.

Without the Housing Credit, it would be financially infeasible for the private sector to build affordable homes for the families that need them most.

The ACTION Campaign calls on Congress to:

• **Expand** the Housing Credit to make a meaningful dent in our nation’s severe shortage of affordable housing.
• **Strengthen** the Housing Credit by making it more streamlined and flexible.
• **Enhance** multifamily Housing Bonds, which provide critical financing to about 50 percent of Housing Credit developments.

The Housing Credit is a proven solution to help address the affordable housing crisis.

The Housing Credit, combined with other key resources, has had a tremendous impact in South Carolina. However, much more affordable housing is still needed to meet the growing demand.

In order to afford a modest one-bedroom apartment, a minimum wage worker in South Carolina has to work **82 hours per week.**

**THE NEED FOR AFFORDABLE HOUSING**

143,449 renter households in South Carolina pay more than half of their monthly income on rent, leaving too little for other expenses like health care, transportation and nutritious food.

**ADDRESSING OUR NATION’S SEVERE SHORTAGE OF AFFORDABLE HOUSING**

5,478 additional affordable homes could be built in South Carolina over the next ten years by expanding the Housing Credit allocation authority by 50 percent (phased in over five years).
