The Low-Income Housing Tax Credit (Housing Credit) is our nation’s most successful tool for encouraging private investment in affordable rental housing. It has financed 3.3 million homes nationwide since 1986, providing roughly 8 million low-income households with homes they can afford.

The Housing Credit is a proven solution to help address the affordable housing crisis.

Without the Housing Credit, it would be financially infeasible for the private sector to build affordable homes for the families that need them most.

The ACTION Campaign calls on Congress to:

• Expand the Housing Credit to make a meaningful dent in our nation’s severe shortage of affordable housing.
• Strengthen the Housing Credit by making it more streamlined and flexible.
• Enhance multifamily Housing Bonds, which provide critical financing to about 50 percent of Housing Credit developments.

The need for affordable housing
The Housing Credit, combined with other key resources, has had a tremendous impact in Texas. However, much more affordable housing is still needed to meet the growing demand.

876,157 renter households in Texas pay more than half of their monthly income on rent, leaving too little for other expenses like health care, transportation and nutritious food.

In order to afford a modest one-bedroom apartment, a minimum wage worker in Texas has to work 95 hours per week.

The Housing Credit’s benefits for low-income families & the economy
