THE LOW-INCOME HOUSING TAX CREDIT’S IMPACT IN CONNECTICUT

THE HOUSING CREDIT’S BENEFITS FOR LOW-INCOME FAMILIES & THE ECONOMY
1986 – 2018

- 26,450 homes developed or preserved in CT
- 63,679 low-income households served
- 40,225 jobs supported for one year
- $1.6 billion tax revenue generated
- $4.5 billion wages & business income generated

The Housing Credit is a proven solution to help address the affordable housing crisis.

The Low-Income Housing Tax Credit (Housing Credit) is our nation’s most successful tool for encouraging private investment in affordable rental housing. It has financed 3.3 million homes nationwide since 1986, providing roughly 8 million low-income households with homes they can afford.

Without the Housing Credit, it would be financially infeasible for the private sector to build affordable homes for the families that need them most.

The ACTION Campaign calls on Congress to:
- Expand the Housing Credit to make a meaningful dent in our nation’s severe shortage of affordable housing.
- Strengthen the Housing Credit by making it more streamlined and flexible.
- Enhance multifamily Housing Bonds, which provide critical financing to about 50 percent of Housing Credit developments.

ADDRESSING OUR NATION’S SEVERE SHORTAGE OF AFFORDABLE HOUSING

- 125,464 renter households in Connecticut pay more than half of their monthly income on rent, leaving too little for other expenses like health care, transportation and nutritious food
- In order to afford a modest one-bedroom apartment, a minimum wage worker in Connecticut has to work 78 hours per week
- 2,942 additional affordable homes could be built in Connecticut over the next ten years by expanding the Housing Credit allocation authority by 50 percent (phased in over five years).
