The Order

Guild Rule

Chosen of Solthecius
If Brisket is the captain of your team, the friendly team gains Ball of Light.

Ball of Light
Immediately after the kick off has been resolved, this team’s controlling player may place an additional ball in possession of a friendly model within their deployment zone. This ball cannot be used to make a Shot. Each time an enemy model gains possession of this ball, the enemy model suffers 4 DMG.
The Supreme Order of Solthecius? Pfft, those lads have some gall floating around a lofty name like that. To watch them strut around the pitch with all their airs, I think they believe it too. What a crock of shit. I’ll call them what they are – damned mercenaries and outcasts to a man, that’s what. No matter how good they play, they’ll never be able to hide that truth from veterans like me.

I don’t think anyone on the pitch is blind to what the church is doing, buying up faces that people in the stands recognise. With no history behind them, they couldn’t very well drop a team into the big leagues and expect a following overnight, after all. Still, it hasn’t made them any friends, believe me. There’s a reason most of their number were able to jump ship from their old teams, and it’s no secret most were pushed.

Bad combination, that. An institution universally hated by the Guilds – and their team full of men and women most would rather stick with a knife than shake their hand. That might sound hard, lad, but go ask any of the Butchers about Brisket, you’ll see what I mean in a hurry.
