

We hereby provide information from our institution/department/industry to be included in the list of CCS-institution/industry to be published on the ACT-homepage (www.act-ccs.eu).

1. Name of Institution:

Institute of Chemistry of Clermont-Ferrand

2. Abbreviation:

ICCF

3. Department:

Thermodynamics and Molecular Interactions

4. Speciality (ies) field within CCS:

- experimental determination of thermodynamic properties : mixing/solution enthalpies, heat capacities, volumes of loaded solutions.
- Phase equilibria (VLE, LLE) with loaded solutions
- Speciation in solution (IR, NMR, ...)

5. Web-page:

<http://iccf.univ-bpclermont.fr/spip.php?rubrique38>.

6. Other info:

.....

7. Contact person:

Name: Ballerat-Busserolles Karine

Position: Research Engineer

Address: ICCF/MAG, 24 avenue Blaise Pascal, 63178 Aubière Cedex, FRANCE

e-mail: karine.ballerat@uca.fr

Phone: +33 473407189

Place and Date: ...Aubière, 24/07/18

Signature:

Institut de Chimie de Clermont-Ferrand
ICCF - UMR 6296
Campus Universitaire des Cèzeaux
24 avenue Blaise Pascal
TSA 60026 - CS 60026
63178 AUBIERE Cedex
