

We hereby provide information from our institution/department/industry to be included in the list of CCS-institution/industry to be published on the ACT-homepage (www.act-ccs.eu).

1. Name of Institution:

Paul Scherrer Institute (PSI)
Energy and Environment

2. Speciality (ies) field within CCUS:

use of CO₂ in thermochemical synthesis processes (for gaseous or liquid fuels/chemicals like methane, methanole, etc.) either catalytically supported and/or driven by a electro-chemical potential;

Conversion of biomass feedstocks to chemicals & fuels

energy system analysis (incl. ecologic indicators)/life cycle analysis/technology assessment

3. Web-page:
