## Shortcut: Clutter Cleanup!

With the turn of a new calendar year comes the time to reorganize, but life doesn't always afford busy families time to sort accumulated clutter. Turn to these organization experts for fast solutions:

**Gracefully Organized:** Domestic diva Shevin Goodwin, whose organizing expertise includes children's rooms and playrooms, will work with you as an organization trainer or organize your project on her own. Rates are determined by size of project. 214/629-0075; [www.gracefullyorganized.com](http://www.gracefullyorganized.com).

**Unhurried Life:** Book Michelle Earney if you're looking to organize a paper filing system (ahem, tax season is ahead!) or photo storage. Rates are billed hourly depending on project. 469/544-2285; [www.unhurriedlife.com](http://www.unhurriedlife.com).

**Kessler Simple Solutions:** Help your student get back on the right track this school year with organizational services by Karen Chappell. Kessler Simple Solutions specializes in organizing children's workspaces (Chappell is an expert at fine-tuning spaces for kids with Attention Deficit Disorder). Rates are determined by project size. 214/941-7183; [www.kesslersimplesolutions.com](http://www.kesslersimplesolutions.com).

**The Organizer Group:** Owner Kayla Williams and her staff can turn your chaotic closet into a shipshape space that's fitting for your stylish wardrobe. Rates depend on project size and materials purchased for shelving, etc. 972/732-6491; [www.theorganizergroupinc.com](http://www.theorganizergroupinc.com). dc
