

HUB PARTICIPANT STORY

Seeking safety and shelter from an abusive relationship, Sarah returned to Oshkosh where she was raised, in late 2016. She found support and temporary shelter for her immediate needs from Christine Ann Domestic Abuse Services.

When Sarah was ready and motivated to take steps to make a better life for herself and her one-year old daughter, she connected with a hub coach at Salvation Army Oshkosh. She has been working with her coach since March 2017 to secure safe housing, find reliable transportation and achieve financial stability.

She already has several successes under her belt! Sarah's family is now living in an apartment. Sarah also completed the Certified Nursing Assistant (CNA) program at Fox Valley Technical College and passed the state certification exam.

Sarah's next action plan goals are to continue her education to become a Registered Nurse and find first or second shift employment as a CNA.

After two months of employment, Sarah plans to purchase, register and insure a reliable vehicle and improve her housing by renting a duplex in Oshkosh. Sarah continues to meet weekly with her hub coach to work towards these goals on her terms.

Maybe a hub coach could help. A hub coach is someone who knows and can connect you to the resources available in the community. Someone you can talk to confidentially that will listen to your unique situation and work alongside you to create a step-by-step plan.
