

# Disrupt Space Manifesto

DRAFT - 04.10.17

## PURPOSE STATEMENT

Create a robust space economy.

## VISION STATEMENT

To help innovators build the most impactful space ventures.

## MISSION STATEMENT

Our mission is to build a multi-stakeholder, community-governed platform for innovators to create and grow space ventures and to help break down barriers between space and other sectors.

## SLOGAN

Turning the Solar System into our backyard.

## VALUES & ETHICS

### **Diversity**

Open and inclusive interactions between peoples of different backgrounds and cultures.

### **Integrity**

Honesty, accountability and respect in everything we do.

### **Passion**

Positive and energetic for using space to create lasting impact.

### **Leadership**

Have the courage of our convictions to shape the future.

### **Collaboration & Giveback Culture**

Together, we are stronger and can create more value.

## OPINIONS

- Space exploration, exploitation and applications are **valuable pursuits**.
- Human activities in space are **inherently global endeavours**. Achievements in space are human achievements.
- Space can be used **today** to solve **global challenges**.
- The community is not limited to **space entrepreneurship** per se, but entrepreneurship with a purpose *using space*.
- A **strong community** that includes different stakeholders in the wider entrepreneurial ecosystem will empower all community members to achieve more.
- The platform shall be **community-governed** with transparent nomination mechanisms.
