

Health & Safety Statement

The aim of Geotechnical Observations Limited (“The Company”) is to set and maintain standards of health and safety, which exceed those specifically required for the work we are undertaking. Our statement of general policy is:

- to ensure so far as is reasonably practicable, the health, safety and welfare of our employees and the employees of our sub-contractors.
- to provide adequate control of the health and safety risks arising from work activities through risk assessment;
- to provide sufficient resources for the management of health and safety;
- to comply with relevant legislation;
- to consult with our employees on matters affecting their health and safety;
- to provide and maintain safe plant and equipment;
- to ensure safe handling and use of substances;
- to provide information, instruction and supervision for our employees;
- to ensure all employees are competent to do their tasks, and to give them adequate training;
- to prevent accidents and cases of work-related ill health;
- to maintain safe and healthy working conditions;
- to set and monitor safety objectives;
- to strive for continual improvement in safety performance;
- to review and revise this policy periodically and at least annually.
- To comply with relevant legislation and standards and support our clients Health and Safety policies including Network Rail and London Underground.

A copy of the general policy statement is given to every employee during their induction and is re-briefed to every employee when revised. Employees are referred to the Company Health and Safety Manual for the full Health and Safety Policy.

Signed:

(Managing Director)
