ENERGY AND ENVIRONMENT
PROFESSIONAL SERVICES

COMPANY OVERVIEW

ITB, Inc. is a minority owned small business with 25 years' experience providing engineering and technical support services creating innovative solutions for government and industry clients. ITB is an award-winning successful company with capabilities in program/project management, engineering analysis, cutting-edge technology evaluation, domestic and international partnership development, and quality, safety & mission assurance – recognized by outside companies and agencies.

CORE COMPETENCIES

Technical Studies and Analyses

ITB conducts impartial, in-depth assessments and delivers reliable, unbiased solution alternatives to civilian and defense agencies and private sector entities.

- Surveys of State-of-the Art Solutions
- Walkthroughs and Audits of Industrial Processes
- Risk Assessments
- Analyses of "Green" Alternatives
- Laboratory and Field Test Plans
- Regulatory Compliance Support
- Customized Sustainability Decision Support Tools

Program and Project Technical and Business Management

ITB provides management and professional support, testing, studies and analyses, engineering and technical services to multiple federal agencies. Our GSA Professional Services Schedule supports work in these areas.

- Program Management
- Project Leadership
- Special Projects
- Test & Evaluation Support
- Mission Support
- Organizational Performance

Technology Studies and Transition

ITB works closely with clients to evaluate the feasibility of commercial and advanced developing technologies in meeting critical technical and performance requirements.

- Technology Transfer
- Problem Definition
- Analysis of Alternatives
- Field and Pilot Test
- Cost/Performance Evaluation
- Research and Development Management
- Transition to Field Operations

Information Management and Administrative Support Services

- Document Formatting
- File Maintenance
- Budget Worksheets
- Meetings and Conference Planning

PAST PERFORMANCE

- Prime Contractor on Environmentally-Driven Risk Reduction (EDRR) support to NASA Headquarters on environmental, energy, and critical infrastructure task orders.
- Led many subcontractor teams and provided expertise support on many other teams.
- Subcontracts on other Federal and State efforts.

THE ITB DIFFERENCE

- Uniquely personalized service, that matches the right people and skills to your specific requirements. **ITB is small enough to provide the personal attention you deserve...yet large enough to have a talent pool to satisfy your exact needs.**
- Unmatched expertise of ITB professionals with DoD, NASA, federal/state agency and commercial experience – **we understand your challenges to improve and meet changing environments.**
- International experience and current working partnerships – **we operate in the global market.**
- Easily meet small business set-aside goals through subcontracting with ITB – **competitive pricing with proven experience.**
- **ITB is easily accessible contractually** - Multiple contract vehicles, to include NASA EDRR IDIQ & GSA Professional Engineering Services (PES), streamline acquisition.
