# ECLC Early Childhood Leadership Commission

**Thursday, March 10, 2016**  
**9:00 am – 12:00 pm**  
**Health Care Policy and Financing**  
**303 East 17th Avenue, 11th Floor Conference, Denver 80203**

**Meeting Objectives:**
- Approve the meeting minutes from February 18, 2016
- Provide an update from the Office of Early Childhood
- Provide updates on the *Framework in Action*, Early Childhood Communication Collaborative and Data Committee
- Learn about Children’s Savings Accounts and the Colorado Child Care Development Fund State Plan
- Provide an update on early childhood policy
- Hear from the early childhood community during public comment

ECLC Meetings:
The next ECLC Meeting will be held on Thursday, May 12 from 9-12am at Health Care Policy and Financing: 303 East 17th Avenue, 11th floor Conference Room, Denver 80203

For information about future meeting dates, times and locations, visit www.earlychildhoodcolorado.org.
ECLC Meeting Minutes

Commissioners in Attendance: Anne Anderson, Letty Bass, Charlotte Brantley, Melissa Colsman, Barbara Grogan, Anna Jo Haynes, Elsa Holguin, Geri Gomez Howard, Julie Krow (by phone), Tom Massey, Mary Anne Snyder, Susan Steele, and Karen Trierweiler.

Meeting Objectives:
- Action item: approve the meeting minutes from November 12, 2015
- Provide updates on other ECLC related business
- Provide an update from the Office of Early Childhood
- Provide an update and discuss the Early Childhood Communication Collaborative
- Action Item: present an overview of the Hospital Provider Fee and vote on ECLC formal position
- Learn about potential early childhood legislation
- Hear from the early childhood community during public comment

Welcome and Business Meeting:
Commission Co-Chair Grogan called the meeting to order and asked members to introduce themselves. She welcomed a new ECLC, Heather Craiglow, the Head Start Collaboration Director. She thanked Gerri Gomez Howard for acting as the interim link between the ECLC and the Early Childhood Communication Collaborative. Commission Co-Chair Grogan moved to approve the November 12, 2015 minutes. Minutes were approved as printed and distributed to the Commission.

Commission Co-Chair Grogan provided an update about the February 12 meeting with Governor Hickenlooper. Meeting attendees included Mary Anne Snyder, Tom Massey, Barb Grogan, Anna Jo Haynes, Letty Bass, and Katie Mason. They presented a 25 minute guided by the ECLC 2015 Annual Report. While the meeting was short, the governor was engaged and interested. Commissioners discussed the need to provide continuity across administrations. They also highlighted the need to make connections with the new Lieutenant Governor.

Commission Co-Chair Grogan explained that the ECLC will not be seeking reauthorization this session. Key stakeholders believe that seeking to do so is premature and support for the legislation might be better received next session. Commissioners discussed the need to revisit the strategic plan this year. They believe doing so will assist in reauthorization in that they can take very specific goals to the legislature. Commissioners also discussed the need to address funding for the ECLC in the future. ECLC staff will bring the former strategic plan and 2016 work plan to the next ECLC meeting.
Katie Mason, ECLC Program Assistant, shared that the ECLC has a new website: [www.earlychildhoodcolorado.org](http://www.earlychildhoodcolorado.org). The website is being maintained by ECLC staff. Much like the old site, it includes meeting dates, information about commissioners, and other ECLC related business. The ECLC also controls the [www.earlychildhoodcoloradoframework.org](http://www.earlychildhoodcoloradoframework.org) website. These websites are linked.

Commission Co-Chair Grogan explained a recent vote by the Executive Committee that allows a proxy to attend meetings to take information back to ECLC commissioners unable to attend and to provide updates in special circumstances. These individuals may not vote.

Commissioner Bass explained that the Program Quality and Alignment Committee spearheaded the development of the *Early Childhood Colorado Framework*. At the last committee meeting, they discussed opportunities to move forward with Phase II. A small group has been identified to work on this project. The group will meet in the next couple of weeks to begin priority setting. More information will be provided at the March ECLC Meeting.

**Office of Early Childhood Updates:**

Mary Anne Snyder provided an update on the status of the ECLC director position. Twelve applications were received. Phone screens will occur tomorrow. Four applicants look promising. The Executive Committee will interview candidates at the February 25 meeting. Depending on availability, the new director is expected to start in early March.

Commissioner Brantley explained that the final meeting of the Legislative Implementation Task Force will occur on Monday. This group has been meeting for almost two years and is the culmination of statewide conversation about CCCAP. She explained the task force makeup, history, and charge. The process of this task force was unique in that it was a collaborative process between various stakeholder groups. While the joint task force meetings are complete, Mary Anne Snyder explained that the work is not done. Commission Co-Chair Grogan initiated a motion to congratulate the Legislative Implementation Task Force on their great work. Motion carried.

Mary Anne Snyder explained that the OEC staff is monitoring legislation. She shared that Colorado Shines is celebrating its first birthday. On Tuesday, the OEC celebrated two of the three Level 5 facilities. The three Level 5 facilities include Teaching Tree Early Learning Center in Loveland, Early Excellence Program in Denver, and Bal Swan Children’s Center in Broomfield. Commissioner Co-Chair Haynes spoke at one of the events. She also shared that after the submittal of a letter of interest, a team from Colorado was selected to participate in an NGA opportunity. The team will talk about early childhood education wages.

**Early Childhood Potential Legislation:**

*Introduced Legislation*

- **HB 16-1227**- Exempt teen parents and domestic violence survivors from the requirement that they cooperate with child support enforcement as a condition of receiving CCCAP
  - Proponents want a teen parent to get a diploma first which means that their money would go to child care before child support. Counties are providing amendments to this bill. Some counties would like to see the money go to child support first.

- **HB 16-1183**- Child Care Assistance Program 12-month Eligibility/Reduced Reporting Requirements alignment with CCDBG

- **HB 16-1196**- Child Savings Accounts (Originally CDHS Request R-06)
  - This requires $100,000 in General Fund from the ACES system to establish a Children’s Savings Account Pilot Program for up to 2,000 low-income children in Head Start. It will entail a $50 deposit in a college savings account. This is a Colorado Department of Human
Services initiative. It was initially a budget request, and now it is going to be written into statute.

- **HB 16-1164** - Requiring immunization exemptions be submitted to CDPHE rather than to schools and utilize a single form
  - The burden of this change will fall with CDPHE. Concerns about this bill have included data and privacy issues.

- **SB 16-022** - Eliminate the 10-county limit in the CCCAP “Cliff Effect” Pilot Program established in SB 14-003
  - This bill is progressing well through the legislature. It would CDHS the ability to expand the pilot program to other counties.

- **HB 16-1242** - Supplemental budget request to double Early Childhood Mental Health Specialists in Colorado to increase ECMH FTE from 17 to 34 using federal CCDBG funds

### Anticipated Legislation

- Eliminating school district reporting requirements including: educator effectiveness, school readiness, course offerings, Unified Improvement Planning, other topics
  - The Rural Schools Alliance is concerned about these reporting requirements. Bill Jaeger met with Representative Wilson (potential sponsor) about his concerns. He communicated that school readiness is important.

- Addressing suspensions and expulsions of young children (PreK-2nd grade): data collection, restrictions on the use of exclusionary discipline, and additional supports to mitigate the use of these practices
  - Stakeholders are pushing back on this bill. There are concerns of school safety and liability issues. Some see suspensions and expulsions as necessary tools. Proponents are not trying to diminish safety issues. They are trying to address cases of suspension and expulsion where defiance and “other” are the noted reasons.

- Allowing counties to provide quality initiatives within a county’s CCCAP block grant
  - Counties would like to spend CCCAP on quality improvement.

Commission Co-Chair Haynes explained that the Data Committee Co-Chairs, Susan Steele and Charlotte Brantley, wrote letters to the Colorado State Board of Education and the new Department of Education Commissioner in support of kindergarten readiness assessments. ECLC commissioners are impressed with the new Colorado Department of Education Commissioner Rich Crandall. ECLC members would like to set up a meeting with Commissioner Crandall. Susan Steele shared that public comment was not received well. The ECLC will continue to support kindergarten readiness assessments.

### Early Childhood Communication Collaborative:

Commissioner Massey explained that during the interim period between Sheryl Shushan’s departure and the hiring of a new ECLC director, the Office of Early Childhood has contracted with Gerri Gomez Howard for about 50 hours of time over the next two months to serve as a liaison between the OEC, the ECLC and the ECCC. Gerri is expected to work closely with Early Milestones Colorado by supporting the strategic thinking around the ECCC. Gerri served on the ECCC Steering Committee until being selected to fill this new role, so she's very familiar with the project. Her communications background is also a strong asset, and she has worked with the project’s contracted communication firms on other efforts. Commissioner Massey and Gerri Gomez Howard also explained the mission, structure, model, benefits, and progress to date of the collaborative. They also covered the selection of the contracted communication firm and the upcoming project plans and direction focusing on the communication structure, platform/mapping/community of practice, and evaluation.

3/16/2016
Commissioners discussed focusing messages upon the public versus only parents and caregivers. There were concerns that this did not align with the initial purpose of the ECCC. Commissioners believe that focusing on the public might be exuberant. Commissioners also asked about the mission statement encouraging that it be edited to explain what the collaborative is driving parents and caregivers to do. For more information, review ECCC project update and PowerPoint.

**Hospital Provider Fee Presentation and ECLC Formal Position:**
Commissioner Massey provided an overview of the Hospital Provider Fee. His overview included information about Colorado’s approach to Medicaid expansion. He explained how the Hospital Provider Fee works and its benefit and general fund revenue forecasts and allocations. His presentation ended with an explanation of how the Hospital Provider Fee and TABOR interact. The commission discussed judicial opinions pertaining to the ability to change the Hospital Provider Fee into an enterprise fund. For more information about the presentation, review Hospital Provider Fee project update and PowerPoint.

Commissioners discussed taking a formal position on the Hospital Provider Fee issue. A number of commissioners were concerned about the ability to take a position. They decided to refer the issue back to the Executive Committee in order to work on language supporting the concept. The language will be brought back to the full commission.

**Public Comment:**
*Meeting Milestones Initiative*: representatives presented a project overview of a community-based collaborative that has created a community-specific electronic screening, referral, and follow-up process involving all primary healthcare providers, licensed early childhood programs, referral agencies, safety-net agencies, and families in Grand County. Commissioners asked numerous questions about scaling the project up to the whole state.  
*Early Childhood Council Leadership Alliance*: Liz Houston provided a Colorado Early Childhood QRIS Funding and Administration Data System Update. The commission asked questions about data security and privacy as well as building capacity within the Early Childhood Councils.

**Co-Chairs’ Final Thoughts and Adjourn:**
Co-Chair Grogan provided closing remarks. The meeting was adjourned at 11:45 am.

---

**ECLC Meetings:**
The next **ECLC meeting** will be held on **Thursday, March 10 from 9:00 am-12:00 pm at Health Care Policy and Financing: 303 East 17th Avenue, 11th floor Conference Room, Denver 80203**

For information about future meeting dates, times and locations, visit [www.earlychildhoodcolorado.org](http://www.earlychildhoodcolorado.org).
2016 ECLC Strategic Plan

GOAL 1 Statutory Duties: CRS 26-6.2-103 through CRS 26-6.2-106

- Monitor the ongoing development, promotion, and implementation of a quality, cohesive professional and career advancement system; high-quality, comprehensive early learning standards; and the sharing and use of common data for planning and accountability among early childhood programs.
- Develop strategies and monitor efforts concerning increasing children’s school readiness.
- Develop strategies and monitor efforts concerning increasing participation in and access to child care and early education programs.
- Develop strategies and monitor efforts concerning promoting family and community engagement in children’s educational development.

ECLC priorities (as per the Governing Charter):

- Assist in the successful establishment of the OEC under the Department of Human Services
- Develop, implement & track work underway: new QRIS implementation, Early Childhood Professional Competencies, Kindergarten Readiness Assessment, Results Matter, & Infant/Toddler Policy Agenda
- Implement an external communications plan, including messaging platform, campaign strategies and media outreach

GOAL 1: Advise and assist the Office of Early Childhood

Advise and make recommendations to the state department and other relevant early childhood entities concerning implementation of the Early Childhood Colorado Framework.

ECLC priorities (as per the Governing Charter):
- Increase engagement with statewide partners (public, entities, businesses, nonprofits, and volunteers) for a holistic approach to serving children 0-8 across the Framework
- Mobilize a statewide movement for early childhood, from grassroots community support to state-level initiatives

GOAL 2: Champion the 2015 Early Childhood Colorado Framework

GOAL 3 Statutory Duties: CRS 26-6.2-103 through CRS 26-6.2-106
> Identify opportunities for, and barriers to, the alignment of standards, rules, policies, and procedures across programs and agencies that support young children.
> Consider and recommend waivers from state regulations on behalf of early childhood councils as provided in section 26-6.5-104 (1).

ECLC priorities (as per the Governing Charter):
> Support the OEC and its staff, including realigning programs, integrating services, supporting a statewide roll-out campaign and championing the transition overall

GOAL 3: Promote the alignment of services and supports within the OEC and across State Agencies.

EARLY CHILDHOOD COMPREHENSIVE SYSTEMS GRANT: THE NEXT GENERATION

A Brief History of ECCS Funding

2002: Planning Grants to state MCH to convene cross-sector, cross-agency partners to develop a plan for a comprehensive early childhood system. Colorado = Early Childhood State Systems Team; Smart Start CO Plan.

2013-2016: Systems Building Grants to lead agency to focus comprehensive systems efforts on one strategy. Colorado = Early Childhood Colorado Partnership via The Civic Canopy; focus on building a shared understanding, mobilizing collective action towards addressing early adversity and buffering the impact of toxic stress in young children within the broader lens of the Early Childhood Colorado Framework.

The Next Generation of Funding

2016-2021: ECCS Improvement COIIN (Collaborative Innovation and Improvement Network)

- Up to 15 awards
- Up to $426,600 per year
- No cost-sharing required
- Project period 8/16-7/21
- Open to public/private entities/only one entry per state

The requirements: participants must partner with a state advisory team, select 1-5 place-based communities to participate, develop teams within place-based communities to participate in COIIN activities; develop state-level ECCS leadership and capacity to facilitate and spread COIIN implementation; develop and implement a programmatic and financial sustainability plan to continue activities past grant cycle; participate in all COIIN virtual and in-person sessions; and ensure community COIIN participation

DESIRED OUTCOMES

Enhance early childhood systems building and demonstrate improved outcomes in population-based children’s developmental health and family well-being by 25% over 60 months using a Collaborative Innovation and Improvement Network (COIIN) approach

Develop a two-generation approach to integrate childhood services within health care, education and early care.

Help children grow up healthy and ready to learn by addressing their physical, emotional, and social health in a broad-based and coordinated way.
The CCDF
Child Care Plan
Public Hearings
What

CCDF Reauthorization

Expanded Purpose

- Parents

- Children

Major Changes
What

- Protect health and safety of children
- Help parents make informed choices
- Equal access to stable, high quality child care
- Enhance quality of child care and workforce
Plan Period

Effective for 3 Years

6/1/16 to 9/30/18

Plan is due 3/1/16
Health and Safety

Stable Child Care

Quality Improvement

Consumer/Provider Education

Priority, Access and Supply Building

Equal Access
Health and Safety

- Expanded Criminal Background Checks
- Annual Monitoring
- Qualified Licensing Staff & Ratios
- Disaster Preparedness
- Pre-Licensing Training
Stable Child Care

Families are eligible for 12 months

Delink parent’s schedule from child’s care needs

Offer contracts for slots

Graduated phase-out

Streamline reporting requirements
Quality Improvement

Increased spending requirements

- Improve quality of child care settings
- Promote social, emotional, physical & cognitive development
- Professional Development/ Workforce Development
- Early Learning Guidelines
- Social Emotional Policies
- Role of Resource & Referral
Consumer/Provider Education

- Consumer Website on Health and Safety
- Information on Other Public Assistance Resources
- Referrals to Developmental Screenings
- Education for Parents to Make Informed Choices
- Training/Information for Child Care Providers
Priority, Access and Supply Building

- Homeless and Foster Families
- Special Needs
- Very Low Income Families
- Infants and Toddlers, Care During Non-Traditional Hours
- Prioritize access to high quality in areas of significant poverty and high unemployment
Equal Access

Payment Rates - Market Rate Surveys

Payment Practices

Supports Parental Choice and Full Range of Providers

Affordable Co-pays

Base rates support health, safety and quality; cost of higher care is factored into rates
Thank You

Colorado Children. Our Most Precious Resource.
Child Abuse Prevention Month
Rally at the Capitol!

- Friday, April 1, 2016
  11 a.m. - noon
  Colorado State Capitol West Steps
  200 E. Colfax Ave., Denver, CO

- Wear blue, plant a pinwheel and join the Child Abuse and Neglect Prevention Campaign Partners, Governor Hickenlooper and Miss Colorado, Kelley Johnson to kick-off National Child Abuse Prevention Month in Colorado!
Toolkit Content for Community Partners

- 3 flyer choices
- 3 poster choices
- Customizable flyer for events, classes, etc.
- Facebook banner
- Two choices of banners to use on posters, t-shirts, large banners, etc.
- Sample Proclamation
- Sample Resolution

- Newsletter blurb - to be used prior to April
- Letter to the Editor sample
- Two :30 second PSA samples
- Event Planning Check List
- Event Planning Guide
- Sample Press Release
- Event Calendar

Flyer with Protective Factors

Proven Ways for Parents to Help Kids Grow and Maintain Strong Families.

1. Be Strong in the Face of Stress
Resilience is managing stress and dealing with your life even when things get difficult.
- Take care of yourself and ask for help when you need it.
- Stop stress from getting in the way of providing loving care for your child.
- Enjoy time with your child and celebrate what you love about being a parent.

2. Nurture Caring Friendships
Having a network of friends and family helps us feel secure, confident, and empowered.
- Accept help from others and look for opportunities to help them back.
- Build your skills in reaching out to others, communicating, and resolving conflict.
- Focus on relationships where you feel respected and appreciated.

3. Grow Your Knowledge of Parenting and Child Development
There is no perfect parent, but knowing what to expect does make the job easier.
- Discover what to expect as your child grows.
- Try new skills and tips to help your child progress and thrive.
- Respond in a positive way when your child misbehaves.

4. Ask for Support When You Need It
Some problems are too big to solve alone. Knowing how to get help in the community can make life easier.
- Know what help is available.
- Reach out and ask for help when needed.
- Share information on resources with others.

5. Help Your Child Manage Feelings and Relationships
Help children develop skills so they can manage their emotions and build healthy relationships with their peers and adults.
- Respond warmly and consistently to your child.
- Allow your child to express his/her emotions.
- Model how to be kind and interact positively with others.

All plans to observe Child Abuse Prevention Month have been developed jointly between the Office of Early Childhood and the Office of Children, Youth, and Families.

**External Audiences**

- Distributing Community Partner Toolkit to raise public awareness of child abuse prevention
  - Theme this year - *Colorado’s Children. Our Most Precious Resource.*
  - CO4Kids website includes materials for organizations and parenting tip sheets
  - Counties and local communities plan their own events throughout the state and post them on a shared event calendar for April
- Gubernatorial Proclamation of April as Child Abuse Prevention Month
- Joint Resolution of General Assembly of April as Child Abuse Prevention Month (pending)
- Kick-off Rally at the Capitol on Friday, April 1st from 11:00 am - 12:00 pm with Governor Hickenlooper and Miss Colorado
- Wear Blue Day on April 1st
- Topic of Children’s Caucus on April 11th will be Promising Practices in Child Abuse Prevention
- Family Event - Pinwheels for Prevention Celebration at Red Rocks on Saturday, April 16th
- OCYF Community Partner email blasts released on each Monday with related topics and events
- Article written for the Office of Early Childhood newsletter
- Social media posts daily on CO4Kids, and partner pages, on Facebook and Twitter
- Conduct focus groups and key stakeholder interviews in the development of a Colorado Child Maltreatment Prevention Plan

**Internal Audiences**

- Book and Coloring Book/Crayon drive with drop off box on each floor to benefit the Family Resource Centers
  - Will raise awareness of the family resource centers program and the connection between family support and child abuse prevention
- Newsletter article in the internal CDHS newsletter
- CAP Month Campaign signage at 1575 Sherman - poster boards and electronic signage
- Weekly educational events for CDHS employees
  - Offer Stewards of Children training twice - 4/12 and 4/29
  - Viewings of Building Community, Building Hope followed by a discussion about protective factors - 4/8 and 4/20
- Pinwheel Garden planted out front of building (provided by community partner)
- Blue ribbons distributed to CDHS employees (provided by community partner)

Investing in Hope
Building Economic Security for Colorado Children and Families through Savings and Education

OUR VISION
A Colorado children's savings account (CSA) program for low-income preschool-age children, supported by a public-private partnership, that:

• Increases low-income children's college aspirations and enrollment
• Creates a more educated, competitive workforce for the state
• Builds economic opportunities for low-income families

THE PROBLEM
Less than 10% of students from low-income families graduate from college by their mid-20s

What contributes to low graduation rates for these families?

• Skyrocketing higher education costs
• Gaps in financial aid
• High tuition makes students believe higher education is unattainable
• Lack of savings options & incentives for low-income families

The current range of college savings incentives & products don’t work for low-income families:

• Low-income families fear they will lose eligibility for need-based aid
• Many savings plans require minimum deposits

THE SOLUTION
Key CSA Program Features

• CSAs for approximately 6,000 low-income, preschool-age children, being served in Head Start settings, over the 3-year pilot program
• A partnership with Colorado’s 529 college savings program, CollegeInvest, as the provider of the savings account product
• $50 state-funded initial deposit in each account
• $100/year in savings matches + a bonus to encourage regular saving
• Financial education for children and parents
• Evaluation of program impact on children and parents

An Investment in Colorado’s Future

• A pioneering opportunity to be involved in an exciting public/private partnership & state-level plan to transform the college aspirations & attendance of thousands of Colorado children
• Opens the door of opportunity and hope for low-income children & parents
• Helps make saving for college part of the collective culture of Colorado
• Positions the state as a visionary pioneer in building family financial capacity
• Helps develop a stronger, more qualified workforce in Colorado
Early Childhood Colorado Framework
Framework in Action Planning and Process
March 10, 2016

Process:
After the Colorado Early Childhood Framework was updated in 2015, the Framework Steering Committee explored ideas for a potential Framework in Action (initially called Phase II) for the updated Early Childhood Colorado Framework. The input included:
- Need for clarifying definitions and descriptions
- Include historical information about the Framework
- Consider a web-based platform for the Framework in Action
- Coordinate information with others to reduce duplication and redundancy

The Program Quality and Alignment Committee (PQAC) of the Early Childhood Leadership Commission (ECLC) met in December, 2015 to make suggestions for the Framework in Action. The input included:
- Include system level definitions – especially for the Strategies for Action
- Develop a web-based platform instead of a printed document
- Consider a locked graphic for summaries of action that align with the Framework and are systemic

A cross-sector planning group was formed and met in February, 2016 to take the information from the Framework Steering Committee and the PQAC Committee and develop recommendations for the Framework in Action. Planning group participants are Emily Bustos, Pamela Harris, Jennifer Landrum, Nancie Linville and Letty Bass. The planning group agreed with the prior input and added:
- Determine how Outcomes and Data will be incorporated

Today, we are providing a snapshot of the thinking to date and asking the ECLC to provide input on the process and planning.

ECLC Discussion:
1) Purpose of the Framework in Action
   - Systems change and coordination
   - High-level systems goals
   - Guides planning and mobilizes action
   - Helpful in planning and for alignment with other efforts
   - Not for parents and caregivers

2) Objectives of the Framework in Action
   - Create a platform for sharing state agency systems efforts
   - Increase knowledge of other systems building efforts
   - Sustain systems change successes
3) Questions from Planning Group
   - How to address outcomes. At what level should outcomes be included? At the level of implementation rather than systems planning (Framework)?
   - How to address data. Is there high-level systems data that should be part of the Framework in Action?
   - Is this the place to track systems collaboration efforts between agencies?

**Next Steps:**
The cross-sector planning group will finalize recommendations for the Framework in Action. These recommendations will be presented to the PQAC Committee in April and to the ECLC in May.
Colorado’s Early Childhood Mental Health Strategic Plan: An Innovative Portfolio of Solutions

**VISION**
all children and families are valued, socially and emotionally healthy, and their relationships are thriving

**STRATEGIC PLAN PRIORITIES**
- A long-term sustainable financing approach exists for Colorado’s early childhood mental health system.
- Coordination and alignment exists across systems that promotes and extends collaboration and integration.
- Colorado’s early childhood workforce has the capacity and expertise defined through knowledge, skills, experiences, and the support necessary to promote child and family mental health and well-being.

**RESULTS**
- Young children develop to their fullest social–emotional potential; form close and secure interpersonal relationships; and are ready to explore the environment and learn.
- Adults are knowledgeable about early childhood mental health and development and have the skills and mental well-being necessary to engage in responsive, supportive relationships with and on behalf of young children.
- The continuum of supports and services including promotion, prevention, intervention, and treatment promotes early childhood mental health by building safe and healthy relationships and environments.
- Local and state systems and the people of Colorado recognize the importance of early relationships and prioritize and support early childhood mental health in young children and families.
A long-term sustainable financing approach exists for Colorado’s early childhood mental health system

- Decision makers and stakeholders have access to timely data that informs policy and funding investment opportunities for early childhood mental health
- State policies regarding payer reform, parity, and reimbursement for services address early childhood mental health needs across the continuum
- Appropriate tools that allow providers and families to understand and respond to the needs of young children in their caregiving contexts are available and reimbursable

Coordination and alignment exists across systems that promotes and extends collaboration and integration

- Early childhood mental health consultation is available in every region of the state and is accessible to a wide range of professionals who work with children and families in a variety of settings
- A universal and coordinated screening to surveillance system is supported across sectors
- Physical and behavioral health services are integrated within pediatric and primary care settings to support early childhood mental health and well-being
- Best practices and effective clinical diagnosis, intervention, and treatment are expanded for those needing services at this level
- Barriers to access, utilization, and expected outcomes across the continuum of supports (i.e., promotion, prevention, intervention, and treatment) are identified and reduced

Colorado’s early childhood workforce has the capacity and expertise defined through knowledge, skills, experiences, and the support necessary to promote child and family mental health and well-being

- Post-secondary education experiences across disciplines incorporate social–emotional development and mental health awareness into curricula
- Professional development opportunities target social–emotional development and mental health awareness
- Supports and resources are provided to promote the mental health and well-being of those who work with children and families
- The Infant Mental Health Endorsement is used to inform consumers, employers, and institutions about competency in the early childhood workforce

Alignment of Goals to Other State Initiatives
