

The Giro di San Diego Gran Fondo Sept. 8, 2013

GRAN FONDO KOM/QOM RESULTS

Attention Riders: The RFID timing system used is extremely accurate but will not read improperly mounted number plates (plates that have been bent, broken, wrapped around the head tube or put in back pocket) or riders that pass the timing check point way out in the road (too far away). So please keep in mind this may be the case regarding any missing times.
