

Terre Rouge Craft Kitchen

Terre Rouge is looking to build our close knit team of hardworkers before summer begins. We are looking to hire dishwashers, prep cooks, line cooks, and a sous chef. Our foundation is built on working together and working hard. For us to function well, we require dedication and a good attitude. Our focus is on local, organic, good food done well.

Everyone who walks through our doors, are there for one reason, and that is the food. We have a deep rooted respect for our farmers, suppliers, coworkers, and customers. In the kitchen, we are open to trying new things, different ideas, finding out what works, no good ideas are turned down. If this appeals to you, please send an email with your resume to lucy_morrow13@hotmail.com
