

PRESS RELEASE:**HIGH-END INTERIOR DESIGN STUDIO OPENS IN NORWALK, CT. TERRI RICCI INTERIORS ACCOMMODATES GROWING BUSINESS.**

JAN 2016, NORWALK, CT: Terri Ricci takes her interior design business forward with another milestone – a new interior design studio in Norwalk’s up-and-coming Wall Street Design District. Having spent the past 8 years working from her home office, Terri recognized the need to find a larger space to accommodate her growing business.

“As my project demands expanded, I needed more room. After looking at several locations, I knew I found the perfect site when I discovered this raw space. The opportunity to work with a clean slate and create an environment from the ground up was fun and energizing,” comments Terri.

The newly established studio accommodates Terri Ricci Interiors’ growing team for the company’s ongoing interiors projects for clients across the nation, including Martha’s Vineyard, Palm Beach, Aspen, and the New York metro area.

This loft-like space showcases bespoke furniture, lighting, home accessories, and artwork reflective of Terri’s signature style. Terri and her team surround themselves with inspiration that captures the warmth, sophistication and layered simplicity of what makes Terri Ricci Interiors a great experience.

“I love my new home-away-from-home. It’s been an ideal place for me to immerse myself in the interior design process. And, it’s ideal for meeting with existing and prospective clients,” notes Terri.

Terri Ricci Interiors shares its space with Polart Group, a boutique luxury, high-end renovation firm owned by Wesley Armatowski, her husband.

Located in the heart of the up-and-coming Wall Street design district, Terri Ricci Interiors is conveniently located at 10 Knight Street, Norwalk, CT.

About the Founder: Terri Ricci has over 20 years’ interior design experience. Her portfolio includes residential and commercial projects for a highly coveted clientele in entertainment and business across the United States, from Los Angeles to New York.

Prior to opening her eponymous studio, Terri worked alongside the legendary Naomi Leff, where she identified and honed her signature style of refined interiors. From there, Terri became a senior associate at Ike Kligerman Barkley Architects in New York City where she built and managed that firm’s interior design practice in collaboration with the partners.

Her design work has been published in *Architectural Digest*, *Elle Decoration Germany*, *New England Home* and *House and Homes*.
