

GLENCAIRN MUSEUM

Make a Decorated Initial

Step 1: Collect old magazines and newspapers. Look through them for different creatures and cut them out.

Step 2: Pick a letter for your initial and draw it "bubble style" on a blank page.

Step 3: Arrange your creatures inside your letter, and glue them down.

Step 4: Collect whatever coloring supplies you already have at home!

Step 5: Draw around your creatures with some fun, twisting, creative lines!

Step 6: Use your colors to fill in all the spaces and complete your decorated initial. Challenge someone else to spot all the creatures that you included!
