

Embracing Touch in Dementia Care

Ensuring Safe, Effective & Compassionate use of Touch in Dementia Care

An Open Workshop for Dementia Carers
Facilitated by Luke Tanner
Author of *Embracing Touch in Dementia Care*

Build confident & compassionate care teams

Empower carers with a person-centred approach to touch

Promote trust & consent to reduce resistance to care

Engage the natural skills & abilities of your care staff

Help staff communicate more effectively with touch

"The touch training enabled staff to let go of the old culture of it not being professional to hold and hug a person, it was a lightbulb moment for many to experience what occurs when someone gives you time and closeness - I would strongly recommend this training."

Lesley Hobbs, Care Home Manager, Deerhurst, Brunel Care

Cost: £125. Date: September 13th 2017. 10 am - 4 pm.

Venue: NCVO, 8 All Saints Street, London N1 9RL
