

# Green team events

## Building teams. Making a difference

“I loved the imaginative activities and the mixture of cognitive and physical challenges. I most enjoyed that what we created goes to a good cause”

“Enjoyable team building in a relaxed environment with team members I've never met before. Great food, great staff and so nice to do something completely different”

“The EcoEscape room was very clever and great fun. - I learnt a lot of information and enjoyed all of the environmental focus.”

# Green team events

## Building teams. Making a difference

### Team building with real purpose

If you are looking for green team events, CSR team building, outdoors activities or awaydays with Sustainable Development Goals or ESG themes which make a real difference, we can help. Come to our lovely, secluded nature reserve in Stratford upon Avon, or we can bring the activities to you.

Now you can enjoy employee engagement experiences which benefit the local environment, wildlife and community. We have a wide range of outdoor activities that are tailored to meet your group needs and are suitable for every season.

Each green event will help to fund our environmental and wellbeing programmes. Day events are tailored to your needs and your contribution is £125 per person, with a minimum of 12 team members. [Contact us now to give back and do good!](#)
