“A Chance to Change is a special organization. It is a privilege to serve as Board Chair and work with the management, staff and board of directors of this exceptional agency. Open any newspaper and you will see the negative effects mental health and substance use issues have on our community. The professionals at A Chance to Change provide much needed help for individuals and families from all walks of life. They are making a huge difference in the lives of Oklahomans.”

- Susan Edwards, Board Chair
2019 was a monumental year for A Chance to Change. We celebrated our 40th anniversary as an agency; continued and expanded our programs such as the weekly Education Series, A Chance to Succeed and Celebration of Recovery; and, most importantly, we reached more clients and community members than ever before. Without the support of amazing donors, partners and hardworking staff, none of this would have been possible. We look forward to another 40 years of hope and healing.”
