Reason #2

SOLAR POWER WORLD RANKINGS

According to the **2017 Top 500 Solar Power World Rankings**, the industry's leading source for technology, development and installation news, Solar Optimum ranked in the Top 15% nationally, #23 in California for Residential and #8 in California for EPC Commercial.

10 Reasons

TO CHOOSE SOLAR OPTIMUM

Reason #3

BEST TECHNOLOGY, BEST WARRANTY AND BEST GUARANTEES IN THE INDUSTRY

We offer only the **Best Warranty** programs for Solar Optimum clients:

- 25-Year Panel Warranty
- 25-Year Inverter Warranty
- 25-Year Workmanship Warranty

We are also meticulous about the brands we use. Only premier industry brands will do, like SunPower, LG, Enphase, SolarEdge and Tesla Energy.

Reason #4

PEACE OF MIND AND A 25-YEAR PERFORMANCE GUARANTEE

At Solar Optimum, your solar system was designed and engineered to over-produce. That's why we're pleased to announce our 25-Year Performance Guarantee. Solar Optimum delivers integrated cell-based monitoring into your energy system that's more reliable than Wi-Fi. So unlike other solar installers who use "soft" numbers to tell customers what their PV system could generate if their home meets very specific conditions, we stand behind our PV installations-- 100 percent.

Reason #5

103% OVERPRODUCTION (FROM OUR FLEET OF THOUSANDS OF SOLAR SYSTEMS)

For a decade, our engineers have routinely designed complete systems that yield as much as **3% more productivity** than was guaranteed by our individual component manufacturers.

3% MORE PRODUCTIVITY

Reason #6

OUR RECORD ON FIRST-TIME INSPECTION APPROVAL IS 95%

We're proud of our decade-long reputation in the energy industry. Our reliable workmanship and passion for quality has earned us an elite place in the hearts of many inspectors and energy officials. And with a **95% first-time inspection** track record, there's no doubt we're doing things right!

SOLAR OPTIMUM

Reason #7

SMALL COMPANY FEEL, BIG COMPANY CREDENTIALS

At Solar Optimum, the same **expertise and skillset** that we put into a large commercial project is the same expertise we put into our residential jobs. Each task we undertake is important and every one of our customers deserves only the highest level of expertise.

We're a modest, privately-held company that's as committed to the communities in which we live and serve as we are to the countless customers who seek out our knowledge and expertise.

Reason #9

STAFF OF EXPERIENCED EXPERTS

Entering our 10th year serving the Golden State, Solar Optimum has installed more than 72MW throughout California - in both residential and large commercial sectors. None of this would have been possible without our team's nearly 900 combined years of experience.
