RE: NATA Letter of Support for City of Thornton's S.H. 44 (104th) Widening Project

Dear Jennifer,

The North Area Transportation Alliance (NATA) supports Thornton's TIP submittal to build the next segment of 104th Avenue from Grandview Ponds to the South Platte River Bridge. This section of 104th Avenue, currently with only one through lane in each direction, provides a vital link for travelers to and from Denver International Airport, U.S. 6, I-76 and between local jurisdictions east-and-west of the project limits.

Widening 104th Avenue is a priority for NATA to alleviate congestion issues and improve operations of this vital link in the north Denver metro area.

If you have any questions, please do not hesitate to contact me.

Sincerely,

Erik Hansen, Chair of NATA
Adams County Commissioner

C: NATA Board
Tony DeVito, CDOT Director Region 1
