

Water Safety Program

Time: 4 pm - 6 pm

Dates:

8/17/2017 & 9/21/2017

Drowning is the leading cause of death in children ages 1 to 4.

Nearly all drowning of children ages 1 to 4 occur in the home.

Drowning among older children is more likely to occur in open water.

Sacramento County law requires **ALL** children under 13 to wear a life jacket when playing in or around public waterways.

Children must be present to receive a fitting and a life vest.
