

As we look back over the past year, we are very grateful for the many people who serve so consistently in our Children's Ministry department. Our mission on this journey is to see kids come to know God, grow in their love for Him, and live to serve Him every day of their life. In 2016, we had the joy of loving, guiding and discipling babies from birth up through 5th grade. None of this would be possible without our faithful team members. Thank you! Truly, we are so grateful for each one of you.

Sometimes, we can see the impact of our influence as we lead kids each week. There are those moments when we see the lesson come alive and the excitement of a child as they experience the love or power of God in a new and life changing way. It is exciting when we have the privilege of seeing a young person grow into an authentic and passionate relationship with the God who created them. And without a doubt, we will never know our impact until the other side of eternity. It might seem that our efforts are in vain sometimes... all the prep work, changing diapers, cleaning up glitter & paint, washing hands, negotiation peace treaties between preschoolers, gathering props, listening to the same memory verse or song fourteen times in a row, and applying band-aids. It can seem that maybe all those things don't amount to much. However, we know that every moment counts!

As we journey ahead into 2017 and the years to come our desire is to share God's love by partnering with our families. Together, we will lead by example. Let's do just that by modeling devotion, prayer, fasting and love for the ones God has put into our care. Our Children's Ministries staff and team are here to support you with prayer and any resources you might need along the way. We want to DISCOVER who God is, EXPLORE more about Him, His love and His promises, DEVELOP our relationship with Him and then DISCIPLE others along the way. Let's journey together!

Excited about 2017!
