YOUTH SCIENCE & ART PARTNERSHIP

Offered in partnership with local artist Jessica Balu, these science illustration classes pairs art skills in creative workshops and classes that explore different science topics, including cells and insects. All supplies included. Recommended for different age ranges. To enroll, visit www.JessicaBaluSciArt.com.

INTRODUCTION TO WATERCOLOR AND CELLS | 1-DAY WORKSHOP

This one-hour workshop will introduce basic watercolor techniques while we explore what cells look like under a microscope. The class for the 8-10 age group serves as an introduction to the topic of cells. The class for the 11-13 age group offers a more advanced lesson on cell structure. This is a low-pressure introduction to graded wash, wet into wet and layering with watercolor – because amoeba can be any shape!

| 9/15 | Sat | 11:30a-12:30p | J. Balu | \$35 |

SKETCHING TECHNIQUES AND INSECT IDENTIFICATION

4-WEEK CLASS

This class teaches basic insect anatomy and identification as you sketch various types of insects to create your own field guide to Kansas insects. The 8-10 age group will learn common names and the basics of capturing proportions. The 11-13 age group will learn to identify insect orders and practice creating depth and shadow.

| | | | | |
|------------|-----|---------------|---------|------|
| 10/13-11/3 | Sat | 10:00a-11:00a | J. Balu | \$80 |
| 10/13-11/3 | Sat | 11:30a-12:30p | J. Balu | \$80 |

YOUTH ART WORKSHOPS

These Saturday morning workshops explore different art mediums in a hands-on creative environment. Creativity, open thinking and new ideas are welcome. All supplies are included. Recommended for ages 6-14.

POINTILLISM PAINTING | 1-DAY WORKSHOP

Explore the Pointillism painting technique where tiny dots of paint combine together to create a breathtaking work of art. Practice this technique on a canvas board using acrylic paint.
