The Brookford Farm CSA is a partnership between the member and farmer. Your investment in Brookford Farm assures a market for our products, and helps us to avoid risk. In exchange, we provide you with a shared risk program. By registering for the program you are agreeing to pay in full for all shares requested. In return, Brookford Farm will do its utmost to provide a wide variety products to you on a weekly basis. Unfortunately, weather & life happen. On occasion we may run out of some products or crops may fail due to insects etc. We work hard to avoid these problems and strive to make your CSA experience excellent.
