

ANNOUNCEMENTS

JANUARY 29TH, 2017

FIREWALL CENTERS

Firewall Centers is one of our local missions partners here in South Florida. Firewall provides daily, school-based tutoring and mentoring services designed to help students achieve academic success, build character, and transform into servant leaders. We are excited to have founders and directors Andy & Janeth Fernandez in service with us here today! Want to partner with us? We're looking to fully support 2 Firewall centers this year. Please mark "Firewall" on your check or offering.

CONNECTION LUNCH

Have you recently started a ending Greenhouse? Looking to get more connected, and learn more about us? Then the Connection Lunch is for you! TODAY immediately following service you can meet us in the cafeteria and connect with pastors, staff, and microchurch leaders! You will also be hearing about our heart and vision for our church and community. Lunch will be provided, and childcare will be available as well. Stop by the Welcome Tent after service, and we'll show you where to go! We are excited to connect with you!

GENEROSITY ADVENTURE

This year, we were able to give away more money to missions, the poor and church planting than EVER before in our church's history! Thank YOU church for stepping out in extravagant generosity to make this landmark accomplishment possible! We aim for 50% of every dollar we spend to go to missions and the poor, and would love for you to jump on board and partner with us in this generosity adventure. Online giving also available through either the Greenhouse mobile APP, or our website at greenhousesouthflorida.org

MICROCHURCHES

Microchurches are the communities within our community. They are gatherings of 5-25 people who meet weekly in homes or other venues. Microchurches serve as an ongoing discipleship setting where we intentionally intersect our faith with everyday life in the context of a loving and growing community. Come talk to us at the Welcome Tent to find a microchurch in your area!
