Mike-- I will cancel my planned visit for today. I have plenty of other work to do here.

Len,

I am learning the Avery family history and interactions within and about each member of the Avery family.

These are criminals. There are members engaged in sexual activities with nieces, nephews, cousins, in-laws. Anyone else is fair game to these people. They have a history of stalking females who have no connection to this group.

Customers and/or their relatives unwittingly become Victims of their sexual fantasies and thus are stalked. The Victims have no idea that they are being victimized.

This is truly where the devil resides in comfort. I can find no good in any member. These people are pure evil. This is where one would eat their young to satisfy/justify a control issue where none previously existed.

A friend of mine suggested "*This is a one branch family tree. Cut this tree down. We need to end the gene pool here*".

Steve Avery needs to be removed from society. I believe that his male siblings could have a role in Teresa's crime scene.

I believe that Earl may have disposed of evidence and Chuck may have ignored Steve's physical movements during this period of time while he was transporting Teresa's car to the back of the Avery Salvage area. There is no question that Dolores is guiding and directing this behind the scenes.

I think that your visit will be counterproductive to our goals for Brendan. It could have Brendan digging his heels in further. He could become more entrenched in his illogical position and further distort the facts. He has been relying on a story that his family has told him what to say about October 31, 2005 > > thus it will take me longer to undo if I can even without your visit.

We need to separate him from fantasy and bring him to see reality from our perspective. We need to separate him from the unrealistic world that his family resides within.

Brendan needs to be alone. When he sees me this Friday I will be a source of relief. He and I can begin to bond. He needs to trust me and the direction that I steer him into. Brendan needs to provide an explanation that coincides with the facts/evidence.

I would like to obtain his confession this Friday. Brendan should provide details of the crime scene and data that has been previously undisclosed that mirrors the crime scene data.

However, I will follow your lead and adapt to your decision

It has been interesting to read Brendan's evaluations by the school psychologist. Yet, he was able to read each question, respond to, draw pictures of his recollection of the crime scene in my interview form.

Thanks, Mike

Mike-- I will fax the the Sheboygan County Jail on Wed. morning. It is sitting in my printer at the office. As to the items below, I would suggest calling the Cal Co DA's office and talking to Shirley. Phone: (920) 849-1438. For item 11, I do not believe it exists in any unitary form.

Unless you think it would be a bad idea, I was planning on going to Sheboygan on Wed afternoon for a general pep talk and talk to him about giving a complete statement to you on Friday.
