Pencil and eraser

### Band

.5" Black Binder

All students from 6th-12th grade will be given a Google for Education account from LCA that will be utilized for their school work. This licensing will give students unlimited storage and access from any device with internet connectivity for free preventing the loss of documents and work. As students return to school the first week they will be given their login for this account and we will provide training in its use. Your student will be responsible for ensuring their compatibility with Microsoft Office formatted documents through the use of their Google for Education environment. Many of our teaching applications require these document formats and they are the required standard at LCA. If your student needs any help with this, please have them proactively stop by the IT@LCA office. We will hold our technology training for all students at the start of the school year where they will be instructed on the use of their Google for Education account and other mobile device applications.

**Novels to Purchase** – Used copies of these novels will be available at Open House in each English teacher’s room for a reduced price on a first come first served basis. You may purchase your own copy using the ISBN number listed below.
