Sunshine Coast Beach Ceremonies

Nearly all Sunshine Coast beaches are available to hire for wedding ceremonies. There are also many beachside parks which are worth considering. Some areas are more exposed to the elements than others, eg late afternoon winds, high tides. We suggest you visit the location at the time of day you wish to hold your wedding ceremony and check local tide times.

The Sunshine Coast Regional Council website (www.sunshinecoast.qld.gov.au) have photos &/or maps of most beaches and nearby parks as well as additional information and application forms. Naturally there are conditions and limitations of use which each Council can further advise (1300 007 272).

Unfortunately at this time the Sunshine Coast Regional Council **do not** allow wedding receptions to be held on public beaches.

You can however, have a beach ceremony &/or reception on privately owned beaches, including some caravan parks, clubs, resorts and residences.
