## **Prayer: Spirit of Love**

*By Rev. Amber Churchill, Minister of Justice & Witness and Mission,  
First Congregational United Church of Christ, Corvallis, OR*

Spirit of Love who doesn't require documents as proof of our worthiness in the Beloved Community, we ask that this truly be a movement infused with love and hope.

We know that this struggle for freedom and liberation affects us all, for our liberation is bound to one another.

We pray for a radical shifting of moral values.

We pray for changes of hearts and minds that use human bodies as commodities.

We pray for this change while we work for legislative changes by showing up with our bodies, voices and votes.

We lift up those who are currently detained all across our country, for those we don't know about who have been swept into this immoral system, and for the families who no longer have access to their loved ones.

May we continue fighting for justice, peace, and love until all that binds us is broken.

In all your many names we pray, Amen.
