

Medical Cannabis Connection

Questions to ask your provider

1. Will you be participating in the NYS Medical Marijuana Program?

If yes:

- When will you be registering with the DOH?

- Do I have to make another MD appointment or can I go to your office for the certification? _____

If no:

- Please explain the reasoning why you will not be participating in the NYS Medical Marijuana Program? _____

- Can you refer a provider certified in NYS who can help? _____

- Hand the provider any documentation in support for medical cannabis.
- Encourage the provider to educate about cannabis as medicine.

2. What is medical cannabis and how can it help my medical condition?

3. What monitoring and instructions will be provided while on this therapy?

4. How will I be instructed to take the medical cannabis?

5. What will I expect while on medical cannabis? _____

6. What strains are available for my condition? _____

7. What drug-cannabis interactions could occur when my current medication profile? _____

Notes: _____
