

# BONUS: PENCIL CALLIGRAPHY

Start your lettering journey before your pen and nib even arrive!

1) Start with a soft pencil (HB2) that is BLUNT (not pointy and sharp)

2) Hold the pencil at an angle (not straight up and down)

3) Practice making HEAVY downstrokes and LIGHT upstrokes

TRY IT!  
↓

4) Now try some basic letters. Don't just write in a continuous stroke, like you do with cursive! Instead, lift your pencil to start a new stroke every time you see a dot.
