Southern California Institute of Architecture
Bachelor's of Architecture
Sept 2012- April 2017

Professional Experience

Lutron Electronics, Inc.
Architectural Marketing Co-Op
May - Aug 2015 / Coopersburg, Pennsylvania

Main responsibility was to establish the framework for a residential application guide used for marketing purpose. It presents scene control effect to the end users through 3d renderings of different light conditions within the same space for different room types. An extensive amount of research was also conducted to define room types/ space scenario etc. Software used include Rhino, Vray for Rhino and Revit. Also helped the firm to set up its initial in house rendering protocols.

Simon Lee Architect & Associates
Design Intern
April - Aug 13, April- Aug 14 / San Gabriel, California

Main responsibilities included help team with 2d drafting, 3d model building, and produce renderings. Also helped with design development and construction document. Familiar with basic building codes and city submittals. Projects worked on included single family house, condominiums, hotels, mix-use plazas. Software used includes AutoCAD, Photoshop, Rhino, and Vray.

Southern California Institute of Architecture
Facilities Student Worker
Sept 2013 - Aug 2016 / Los Angeles, California

Responsible for office organizations and school sitemap updates.
