Stephen P. Covert, Ph.D., Principal

Erin del Castillo, Assistant Principal
Janel Dorn, Assistant Principal
Sue Fair, Assistant Principal
Jennifer Nzeza, Assistant Principal

January, 2016

This Course Code Directory is intended to provide Pine View students and parents with information about the important decisions you will be making regarding course selections. You are urged to review it carefully.

When making course selections, students should take into consideration the student's overall four-year plan; the increased rigor and demands of numbers and types of specific courses and their involvement in extra-curricular activities. Course selections should fit into a well thought-out plan that emphasizes a challenging and worthwhile curriculum over the four years of high school.

In addition, as Pine View is a full-time gifted school of choice, Pine View students are required to take coursework offered at Pine View *on campus*, including Advanced Placement and Dual Enrollment. No courses should be taken virtually except to satisfy the one required online course, or if the online course is offered by Pine View for Pine View students. Please contact your students' guidance counselor for information regarding online courses. No additional online courses will be approved unless there is a genuine scheduling conflict or clerical error.

Careful consideration should be given to all Advanced Placement classes in Grades 9-12. Advanced Placement courses require intense work and a substantial time commitment. All course selections should be made with the final goal of post-secondary education in mind. If, after reviewing the course code directory, you have additional questions, please contact the Guidance Department for assistance.

Sincerely,

Stephen P. Covert, Ph.D.
