## **JURY PROCESS**

2017 ACMC Oktoberfest Jury Guidelines:

High-quality traditional arts and crafts constructed from the following mediums will be considered for participation in ACMC's Oktoberfest: Oil, graphite, acrylic, clay, fiber, glass, leather, metal, mixed-media, and wood. Other materials not listed may be considered as well. Works submitted in these mediums must employ techniques universally considered as art or craft.

Jurors evaluate work on standards of design, technique, and originality. Only high quality work within these standards will be accepted. Jurors have been instructed to include a variety of mediums to ensure diversification. There will be a limit on how many artists we can accept in one category so do not delay sending in your application.

Entries must be submitted no later than September 30, 2017.

Written notification of the jury results will be mailed approximately two weeks following the jury session or no later than October 1, 2017.

The following categories are NOT eligible:

- Works executed from commercial items, molds or kits.
- Items constructed solely by assembling purchased commercial items or decoration of commercially produced objects.
