

The Protection You Need... ...a Price You Can Afford

Bad things happen to good drivers; it just goes with the job.

Serious CDL Violations

- Speeding 15mph or over
- Reckless driving
- Improper lane change
- Following too closely
- Any accident involving a fatality
- Railroad crossing
- No CDL in possession

Penalties Upon Conviction

All POV Convictions Count Against CDL

- 60-Day Suspension (2 convictions in a 3-year period)
- Additional 120-Day Suspension (3rd conviction in a 3-year period)
- 6-Months Total Suspension = \$\$\$\$

Don't let mistakes cripple your driving record and earning power. Secure your future by ensuring that you have the highest quality legal protection available... all at a nominal cost.

Your CDL is, in fact, your livelihood. That's why the Evans Network of Companies makes *Drivers Legal Plan* available to our drivers; and have been doing so since January 2010, with good results. We believe that *Drivers Legal Plan* offers a very effective and affordable way to protect your driving career. *Drivers Legal Plan* is an actual national law firm, completely dedicated to protecting the rights of truck drivers. Their attorneys have defended truckers in essentially every jurisdiction in the continental United States, since the advent of the CDL in 1991, compiling an incredible 95% favorable affect rate.

The attorneys of *Drivers Legal Plan* dedicate their entire practice to CDL defense. They are familiar with logbook rules, HazMat standards, weight and length restrictions, and moving violations in the various states, and most importantly, the effects on your CDL.

The benefits of *Drivers Legal Plan* include:

- The most affordable legal plan on the market today (\$2.98 per week).
- You report violations directly to the DLP office via a toll-free number.
- An actual law firm, not an insurance/referral agency, which might use a lawyer unfamiliar with CDL defense.
- They handle your case start to finish (no limit on hours) at a fraction of usual fees. You CAN afford to fight!
- Agreed-in-advance flat rates for most matters, which could save you thousands in legal fees...
 - Moving and non-moving violations, including "serious" CDL offenses, only \$100.
 - Simple accidents (not involving loss of life or limb), just \$250.
 - Other legal matters, including alleged alcohol and drug violations handed at a discount of 1/3-off.
- This coverage is 24/7 and extends to any vehicle you operate... on or off the job!

This program is available to all Evans drivers for nominal fee of \$2.98 per week (automatically deducted from settlements. (Note that team drivers *each* pay \$2.98 weekly.) You may also get the same protection for your non-CDL spouse for only an additional \$1.50 per week.

This offer is only available while you are driving/leased with the Evans Network of Companies (including all divisions and West Motor Freight), so take a moment to complete the Plan Application and return it to the Safety Department so we can start your legal protection as soon as possible.
