Centrale Fies, Località Fies 1

Dro (TN), Italy

Created in 2013 by Centrale Fies, in collaboration with Viafarini, LIVE WORKS - *Free School of Performance* is a platform dedicated to live contemporary practices that contribute to deepening and broadening the idea of performance, following the current evolution of performance and its styles.

6 artists will be selected and each artist will have:

- an **annual fellowship of € 3,000.00**
- **Kick Off Seminar** in the dates **30 June, 1-2 July 2023**, during **Live Works Summit 2023***
- a 15 day **individual residency** at Centrale Fies
- a **collective residency** together with all the selected artists, at Centrale Fies, in the summer 2024 in the frame of **Live Works Summit 2024**

LIVE WORKS – *Free School of Performance*

The open call LIVE WORKS includes creative residency periods for the selected projects. LIVE WORKS sees performance as a work space, and as an instrument and cultural exercise. Starting from the notion of performance in the visual art practice, the project is unique in its particular attention to hybrid research, underlining the openness and fluidity of performance, its social and political implications and its level of public understandability.

The announcement is open to a wide range of performative actions, also including sound and new media arts, text-based performances, lecture performances, multimedia storytelling, choreographic practices, relational and workshop-based projects, and other projects questioning the idea of performativity beyond the body.

Artists and professionals from any geographic location and with no limits on age can enter the announcement, as individuals or in groups, with a single project. The open call only accepts unpublished or long-term projects that need to be developed and/or concluded, for which participation would represent an evolution of the project or its final chapter.

The production of the performance projects during the residency will be supported by diverse types of curatorship, from theoretical to technical development, a **Free School of Performance** with studio visit, critical session and reading group. During the residency phase, Centrale Fies will provide a production and curatorial staff to assist the artists as they develop the selected projects.

For the two residencies at Centrale Fies, Centrale Fies covers the **travel costs** to reach Centrale Fies, **food and accommodation** for the two residency periods.

The **budget of € 3.000,00** will be guaranteed even if the programme changes the form for sanitary emergency reasons.

The performances produced will be presented at Centrale Fies in summer 2024, during the second edition of **Live Works Summit 2024**. On this occasion the projects will be discussed by a board of international professionals, working for festivals, institutions, residencies and production programs that sustain and produce research in performance.

During each evening a program of established guest artists will be presented alongside the projects of the 6 Live Works artists.

TERMS AND CONDITIONS

Artists who intend to participate must fill in the online participation form here:

We do not accept any charges for transfer costs, on penalty of registration cancellation.

Centrale Fies is a space organized for live spectacles, and is equipped with specific technical equipment. Together with the competition announcement, a downloadable kit with diagrams and images of the space is available on <http://www.fieslocation.it/>.

The evaluation of the performance project's feasibility within the requirements stated in the competition announcement is the responsibility of the artist.

Participants must guarantee the intellectual property of the developed presentations. The work that involves non-original music or images must guarantee the relative rights and must cover any eventual rights necessary. The material presented and the performance produced will remain the property of the author.

In the framework of LIVE WORKS, Centrale Fies is setting up a permanent Collection of Performance Art whose aim, beyond the simple documentation, is to explore different possible relations between ephemeral production and its traces, and to question the notion of performativity in objects and traces.

During the residency, artists are asked to consider this questions as well as invited to participate to the Collection through a donation if they and Centrale Fies consider it appropriate. Centrale Fies reserves the right to publish the candidacy, without additional advisement, and to organize various activities for the appropriate promotion of the project and its participants.

The Competition Authority is Centrale Fies: Il Gaviale Società Cooperativa, via Gramsci 13, 38074 - Dro (TN). Participation in the competition requires complete and unconditional acceptance. Any dispute is settled by the Court of Trento. The translation of the current competition announcement is for informational purpose only. In case of disputes, the Italian text will be the sole reference point.
