 Fax: 509-634-3149

On Thursday July 12, 2018 everything south of Columbia River Road will move to a fire danger HIGH and the IFPL will move to a 2. The rest of the Colville Reservation will remain at a moderate Fire Danger and IFPL 1.

Allowed Burn Permits High Fire Danger	Allowed Burn Permits Moderate Fire Danger
Traditional	Traditional
Recreational in designated fire pits.	Recreational
	Burn Barrel

Industrial Fire Precaution Levels

Level 1. Closed Season – Fire precaution requirements are in effect. A fire watch/security is required at this and all higher levels unless otherwise waived.

Level 2. Partial Hootowl – The following may operate only between the hours of 8 p.m. and 1 p.m. local time:

- Power saws except at loading sites;
- Cable yarding;
- Blasting;
- Welding or cutting of metal.

Level 3. Partial Shutdown – The following are prohibited except as indicated:

- Cable yarding – except that gravity operated logging systems employing nonmotorized carriages or approved motorized carriages may operate between 8 p.m. and 1 p.m. when all block and moving lines, except for the line between the carriage and the chokers, are suspended ten feet above the ground;
- Power saws – except power saws may be used at loading sites and on tractor/skidder operations between the hours of 8 p.m. and 1 p.m. local time.

In addition, the following are permitted to operate between the hours of 8 p.m. and 1 p.m. local time:

- Tractor, skidder, feller-buncher, forwarder, or shovel logging operations where tractors, skidders, or other equipment with a blade capable of constructing fireline, are immediately available to quickly reach and effectively attack a fire start;
- Mechanized loading and hauling of any product or material;
- Blasting
- Welding or cutting of metal.

Level 4. General Shutdown – All operations are prohibited.

NOTE: Where hauling involves transit through more than one shutdown/regulated use area, the precaution level at the woods loading site shall govern the level of haul restriction, unless otherwise prohibited by other than the industrial precaution level system.
