NON-MEMBER CAMPING REGULATIONS

4-1-480 Findings: Purpose

(a) The Colville Tribal Business Council hereby finds: Tribal Trust Land of The Colville Confederated Tribes Reservation (as well as other tribally owned or managed lands) contain many areas suitable and desirable for camping/related recreational activities (whether or not established campgrounds may exist) that these areas are attractive to non-member as well as Tribal members; that Tribal members are entitled to expect a priority in the opportunity to use these areas due to their ancestral and aboriginal ties to the lands of the Reservation; and that in many cases non-member use of these camping areas has resulted in crowded conditions and environmental degradation that conflict with enjoyment and use of these areas by Tribal members.

(b) Consistent with the legislative intent set forth in this Chapter, the purpose of this Subchapter is to establish policies and procedures to regulate and restrict non-member camping activities on Tribal Trust Land and on other lands within the Reservation owned or managed by the Tribes, in order to protect the rights of Tribal members to use and enjoy Tribal lands, to prevent degradation of the land/natural resources, and to defray the cost of such regulation.

4-1-481 Closure: Permit Regulation: Public Notice

(a) Consistent with the policy previously established by the Colville Tribal Business Council, all Tribal Trust and Fee Lands of the Confederated Tribes of the Colville Reservation (whether located within or outside the exterior boundaries of the Reservation) are closed to camping by non-members except to the extent, and under such conditions, as they may be opened pursuant to regulation adopted by the Colville Tribal Business Council in accordance with this Chapter.

(b) Such regulations may identify specified areas to be opened to non-member camping. Non-members must obtain a Tribal camping permit and have it in their possession while camping. Such regulation shall be reviewed on an annual basis, but remain in effect until modified/repealed by the Colville Tribal Business Council as provided by this Chapter.

(c) Camping areas subject to closure of conditions shall be posted and identified in an efficient/reasonable manner, and posting shall include a listing of camping rules based on requirements of this Subchapter and regulations/other applicable tribal law.

(d) Due to a high rate of vandalism involving signs and notices on the Reservation, it is incumbent upon individuals seeking to recreate on the Reservation land to contact the Natural Resources Dept. to ascertain closures and restrictions on the use/enjoyment of Tribal land/resources.

(e) Reservation Use Pass is required to boat, camp, fish, hunt, or gather on the Colville Tribal Reservation.

4-1-482 **Interpretation**

(a) Nothing in this Subchapter shall be interpreted to restrict the inherent or delegated authority of the Tribes to regulate any land within the exterior boundaries of the Reservation or otherwise exercise its jurisdiction for reasons related to the protection and promotion of the political integrity, economic security, or health/welfare of the Tribes, including, but not limited to, protection of natural resources or reserved right.

(b) All prior resolutions and enactments relating to camping by non-members are hereby repealed to the extent they are inconsistent with the provisions of this Subchapter or regulations approved pursuant hereto.

(c) This Subchapter is not intended to impose any conditions on camping activities of Tribal members except to the extent such conditions may be imposed by regulation approved by the Colville Business Council when necessary to protect the resources of the Reservation. The Colville Tribal Business Council may restrict camping by non-member guests, immediate family or family of Tribal members.

(d) This Subchapter shall not be interpreted as establishing a matter of Tribal Law, any criminal penalties for camping activities by non-member (including where the language defining a civil violation is adopted from the Tribal Criminal Code), but shall not be interpreted to preclude federal prosecutions pursuant to this Chapter/any applicable federal law.

(e) If any part of the Subchapter or the regulations promulgated here under is found to be invalid by a court of competent jurisdiction, it is the Colville Tribal Business Council that the remaining provisions shall continue in full force and effect to the maximum extent possible.

4-1-484 **Civil Offenses**

The following constitute a civil offense under this Subchapter:

(a) No person shall violate any provision of this Subchapter or any regulation promulgated hereunder.

(b) Any person is subject to regulations under this Subchapter and not in possession of a permit shall be in violation of this Subchapter. (Camping permit/holder maintain the permit on his/her person or displayed in the windshield of his/her vehicle – Required for non-members.

(c) No person subject to regulation under this Subchapter shall possess a firearm in any campground/public area adjacent thereto/waters of any lake/shoreline/public area adjacent thereto, except to the extent authorized by Tribal Law permitting such person to exercise hunting privileges.

(d) No person shall engage in disorderly conduct, under the influence of any intoxicating beverage, drug, or controlled substance, as these offenses are defined in the criminal offenses provisions of this Code.

(e) Any person who, while engaging in camping activities regulated by this Subchapter commits an act in violation of any other provisions of this Chapter or any other applicable Tribal law, is deemed to have violated this Subchapter.

(Boating & Water Use Code, Trail & Off Rd. Use Code, and Non-member Camping Regulations 1996-51 to 54, have been re-designated as Dept. Regulations and not a part of this Law & Order Code. Any subsequent resolutions adopting similar regulations will be designated as Dept. Regulations).
