*The "Neener" is not the same as "PPM". The Neener was awarded by Hobart to Duane when the Armadillo come across the finish line long after all was said and done. The "Neer way of saying, "Now you know what it feels like!"

*1974 - the first cross country race, but it didn't replace the main street race. It was run over Easter weekend

*1974 - There were both a Mother's Day Race & the 1st Cross Country Race

*1975 - Hobart, Judge Watson and Joel Goldfus may have been the first team to cheat in the cross country race. The Bandini Steamer capsized, was pulled out of the water, then Hobart made a "wrong turn" during their attempt to re-enter the water. By the time they realized their mistake, they were almost to Crab Park.

*1985 - Bay closure split results in speed

*1985 OR 1986 -Rhino ACE'd under five hours (per Andrew Letton)

*1987 - The 1st cumulative Grand Champion was awarded

*1990 -Rob Hitchcock's Pine Martin & Andrew Letton's Midnight finished six minutes apart, Aly Krause was 3rd, 26 minutes behind Midnight

It should have really gon This was based on "off course" 6-hr penalties not applied correctly, effecting the total Grand Champ Points and Mediocre
